Designed by the legendary Robert Trent Jones Sr., it is one of the best examples of traditional golf course architecture in the world. Opened in 1963, Jones Sr. called the Gold Course his "finest design." In 1998, Rees Jones was the architect of a course renovation that remained faithful to the original design but expanded the appeal of the course for higher-handicap players while simultaneously lengthening the course from the back tees. Cost: \$145
