Dear Ms. Schriener:

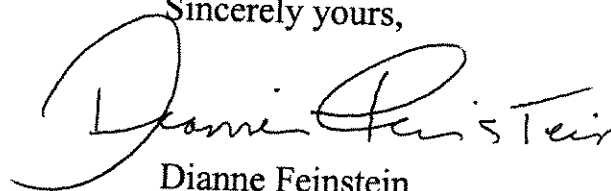

Congratulations on being named a Road Team Captain for America's Road Team.

As a truck driver, you know all too well the challenges that face drivers in California. Safety is everyone's number one concern. Your accident free record, knowledge of trucking industry issues and your involvement in safety education make you a great choice for this team.

On behalf of the State of California, I whole-heartedly congratulate you on your selection and wish you success.

With warmest personal regards.

Sincerely yours,

Dianne Feinstein
United States Senator
